Viva voce	:	06

Answer *any one* question.

1. Create a video that joins multiple (at least four) video files and perform the following :
   (a) Separate and remove the audio from the video files.
   (b) Add transition effects between the videos.

2. Create a two minute video of your choice having animation.

3. Create a logo design for a software company.

4. Merge two different audio files into one file. Change the tempo of the new file after every 10 seconds.

5. Change the colour of a particular portion of a given image into another using Hue saturation.

6. Create an animation for a ball bouncing for 30 seconds.
